RESEARCH ADVISORY COMMITTEE

Ref. No. AB/RAC/2026/02/26

Date- 27.01.2026

## MINUTES OF MEETING- 27.01.2026

### Research Advisory Committee

#### 1. CALL TO ORDER

Prof. (Dr) Lajya Devi Goyal (Dean Research) called to order the meeting for discussion at 03:30 PM on 27.01.2026.

- The following members were present in the meeting:-  
Prof. (Dr.) Lajya Devi Goyal, Prof. (Dr.) Anuradha Raj, Dr. Soumya Swaroop Sahoo,  
Prof. (Dr.) Kamlesh K Sharma, Prof. (Dr.) Gitanjali, Dr. Mintu Pal.
- The following members did not attend the meeting:-  
Dr. Vaibhav Saini, Dr. Suresh Kumar Goyal, Dr. Apurba Patra

#### 2. AGENDA

Following research projects were discussed by RAC and sent the subsequent comments:

S. No.	Candidate Name	Title Of The Study	Comments
1.	Deepak Mittal (Cardiology)	Assessment Of Endothelial Dysfunction By Flow Mediated Dilatation In Moderate To High Cardiovascular Risk Groups.	<ul style="list-style-type: none"><li>• Please write the full forms of the abbreviations used in Objectives.</li><li>• Is FMD the gold standard to assess endothelial dysfunction?</li><li>• Specify the reference study used to estimate sample size.</li><li>• Specify the setting from where subjects will be enrolled, OPD or IPD or any other area?</li></ul> <hr/> <ul style="list-style-type: none"><li>• Remove "To" from the title of the study.</li><li>• Write type of study design in the title of the study.</li></ul>

S. No.	Candidate Name	Title Of The Study	Comments
			<ul style="list-style-type: none"> <li>• <b>Study design</b> → Correctly mention the type of study (Suggestion: write Cross-sectional study).</li> <li>• Write study duration "18 Months".</li> <li>• References should be the latest and in Vancouver style.</li> <li>• Review of literature has to be changed according to references; references should be written chronologically.</li> <li>• Correct the formatting of the thesis protocol.</li> <li>• Patient Information Sheet/Patient Informed consent forms should be written properly with correct formatting.</li> </ul>
2.	Rahul Bajaj (Nephrology)	Cyclophosphamide Versus Lenalidomide As Add-On Therapy To Bortezomib - Dexamethasone In Myeloma - Associated Kidney Disease: A Pilot Randomized Controlled Trial.	<ul style="list-style-type: none"> <li>• Is the drug approved by the CDSO? (Kindly attach the approval for the same.)</li> <li>• Modify the primary objective, remove "most effective" term.</li> <li>• Remove "overall survival" term from the objective.</li> <li>• Remove the secondary objective.</li> <li>• Exclusion Criterion → write "High Risk Biopsy".</li> <li>• Kindly attach the DGCI approval for the drug used in the study.</li> <li>• Justify the cost-effectiveness.</li> <li>• Make the flow chart properly.</li> </ul> <hr/> <ul style="list-style-type: none"> <li>• Cost of Cyclophosphamide or Lenalidomide.</li> </ul>
3.	Kamayni Yadav (Gynaecologic Oncology)	Correlation Of Histopathological Characteristics (Tumor Budding, Pattern Of Invasion) At The Tumor Front With Immunohistochemistry Markers (P53 & Mmr Protein) Status In Endometrial Cancer.	<ul style="list-style-type: none"> <li>• The title of the study mentions correlation; however, the primary objective says association. It needs to be corrected.</li> <li>• Expand the abbreviations in the objectives.</li> <li>• Statistical analysis plan needs to be revised. Mention the variables, types to be analyzed, and the name of the statistical tests to be applied.</li> </ul>

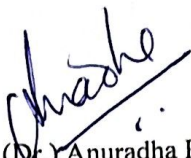

S. No.	Candidate Name	Title Of The Study	Comments
			<ul style="list-style-type: none"> <li>• Ref 12 needs to be corrected according to Vancouver style.</li> <li>• Study design- Observational word to be omitted. Only cross-sectional would suffice.</li> </ul> <hr/> <ul style="list-style-type: none"> <li>• Remove the expected outcomes.</li> <li>• Kindly mention the duration of the study "18 months".</li> </ul>
4.	Kritika Dubey (Neurology)	Clinical, Immunological And Radiological Predictors Of Disease Course, Progression, Treatment Response And Relapse Rate In Neuromyelitis Optica Spectrum Disorders (Nmosd) And Myelin Oligodendrocyte Glycoprotein Antibody Associated Disease (Mogad) -A Prospective Study.	<ul style="list-style-type: none"> <li>• Type of study design to be corrected in the title as discussed.</li> <li>• Correct the certificate</li> <li>• Write the aim of the study precisely.</li> <li>• Primary objective → Remove the period of the study and also remove the clinical predictors that may include the methodology section.</li> <li>• Correct the primary outcome and last point of the secondary outcome and as mentioned.</li> <li>• Correctly mention the study design.</li> <li>• Correct the dropout rate and justify why 20% dropout rate?</li> <li>• Cited articles in the text are not mentioned in the reference list.</li> <li>• All references should be written in proper format (Vancouver style).</li> </ul> <hr/> <ul style="list-style-type: none"> <li>• P<sub>21</sub> → Study duration=12 months, follow up 12 months, please justify.</li> <li>• <b>Sample size calculation</b> → Please give reference.</li> <li>• References should be in Vancouver style.</li> </ul>
5.	Mohd Sufyan (General Medicine)	A Comprehensive Analysis Of Clinical Presentations, Laboratory Findings, And Etiologies Of Pancytopenia: A Tertiary Care Hospital.	<ul style="list-style-type: none"> <li>• Candidate was absent in the meeting.</li> </ul>

S. No.	Candidate Name	Title Of The Study	Comments
6.	Tulsi Ratilal Patodia (General Surgery)	Laparoscopic Versus Open Adhesiolysis In Adhesive Small Bowel Obstruction In Tertiary Centre: A Prospective Randomised Controlled Trial."	<ul style="list-style-type: none"> <li>• Any blinding?</li> <li>• Elective OT/Emergency OT.</li> </ul> <hr/> <ul style="list-style-type: none"> <li>• Remove the prospective word in the Title.</li> <li>• Reframe the aim &amp; objective of the study as discussed.</li> <li>• Correct the Patient information sheet and Patient informed consent forms.</li> <li>• All references should be written in proper format (Vancouver style)</li> <li>• Revise the complete study, and the guide has to work on the project.</li> </ul>
7.	Neelanjana Bera (General Surgery)	Credibility Of Possum, P-Possum And Nela Scores As Prognostic Indicators In Patients Of Perforation Peritonitis Undergoing Emergency Laparotomy In A Tertiary Care Institute: A Prospective Observational Study.	<ul style="list-style-type: none"> <li>• Use the full forms in the title of the study.</li> <li>• Correctly mention the type of study design.</li> <li>• <b>Secondary objective</b>→ from 2<sup>nd</sup> point remove "significant" term.</li> <li>• Correct the sentence formatting and tense in the introduction part.</li> <li>• Inclusion and exclusion criteria should be mutually exclusive.</li> <li>• Kindly rewrite the whole thesis properly and incorporate all suggestions.</li> </ul>
8.	Dr. Priyanshu (Dermatology)	Comparison Of Therapeutic Efficacy Of Oral Tofacitinib And Oral Mini Pulse Steroid In Non-Segmental Active Vitiligo At Tertiary Care Centre In North India: An Assessor-Blinded Randomized Controlled Trial.	<ul style="list-style-type: none"> <li>• Ok and Approved.</li> </ul>

Minutes of Meeting held on 27.01.2026 regarding the evaluation of PG Thesis

Prof. (Dr.) Lajya Devi Goyal  
(Dean Research)

Prof. (Dr.) Anuradha Raj  
(Associate Dean Research)

Dr. Soumya Swaroop Sahoo  
(Alt. Member Secretary)

Prof. (Dr.) Kamlesh K  
Sharma

Prof. (Dr.) Gitanjali

Dr. Mintu Pal
