

FACULTY DEVELOPMENT  
WORKSHOP OF DESIGNING  
SCENARIO BASED MCQS AND  
ITEM ANALYSES IN AIIMS  
BATHINDA CONDUCTED BY  
DEPARTMENT OF PHYSIOLOGY  
30-AUGUST-2024

- Under the guidance of our respected Executive Director sir Prof. Dr. D K Singh and Dean academics Prof. Dr Akhilesh Pathak , Department of Physiology , AIIMS Bathinda successfully conducted regional faculty development workshop on 30<sup>th</sup> August , 2024 for training medical faculty in training art of designing quality scenario based MCQs along with hands on training in Item Analysis. We highly express our gratitude to Dean Research , Prof. Dr Lajja Devi Goyal, Dean Examination Prof. Dr Gitanjali Goyal, MS Prof. Dr Rajiv Kumar Gupta and DDA Lt. Col. Rajeev Sen Roy for their unending support and blessings.
- Designing scenario based MCQs requires expertise and knowledge which is highly needed to frame quality MCQs. Item analysis is statistical post validation of MCQ which is still untouched domain by young health professionals.
- This workshop catered to the professional needs of all health professionals present in the workshop, who participated whole heartedly in various group activities conducted in the workshop.
