No. AIIMS Bathinda/Procurement/NOC/960

28 Mar 2022

Subject: Purchase of "Combined Energy Generator which activates both ultrasonic and bipolar energy simultaneously in a single unit" on Proprietary basis- **Inviting Comments thereon.**

The request received from Department of Surgical Oncology, AIIMS Bathinda for the purchase of captioned Item from M/s Harish & Harish Surgical, 2-3, Camp Chowk, Delhi Road, Hisar, Haryana - 125001 authorized distributor of **M/s Olympus Corporation, 2951, Ishikawa-cho, Hachioji-shi, Tokyo 192-8507, Japan** - on Proprietary basis.

The Notice is being uploaded for general information of Aspirant Manufacturer/Dealer/Distributor to submit their objections/proposal, if any, on proprietorship of this item.

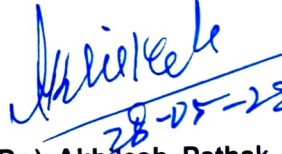

In case, the product of any Manufacturer/Authorized distributor/dealer conforms to the enclosed specifications, they may submit their proposal for the supply same Equipment along with the following: -

- Equipment brochure
- Point-by-Point compliance of the enclosed specifications, along with all relevant documentary evidence:

The objection/proposal should be sent in sealed cover to the **OIC, Procurement Cell, First Floor, C-Block, Admin. Building, AIIMS Bathinda, Mandi Dabwali Road, Bathinda - 151001 so as to reach on or before 12 Jun 2022 up to 12:00 PM.**, failing which it will be presumed that no any other vendor is interested to offer comments/protest and case will be decided accordingly on its merit.

The reference number should be super scribed on sealed envelope.

Sub: Proprietary Article Certificate for "Combined Energy Generator which activates both ultrasonic and bipolar energy simultaneously in a single unit" for department of Surgical Oncology.

Dear Sir,

We, M/s. Olympus Medical Systems India Private Limited having our registered office at Ground Floor, Tower C, SAS Tower, The Medicity Complex, Sector-38, Gurgaon - 122 001, Haryana is subsidiary of Olympus Corporation of Asia Pacific Ltd. We further state that M/s. Olympus Corporation, Japan having their office at 2951, Ishikawa-Cho, Hachioji-shi, Tokyo 192-8507, Japan.

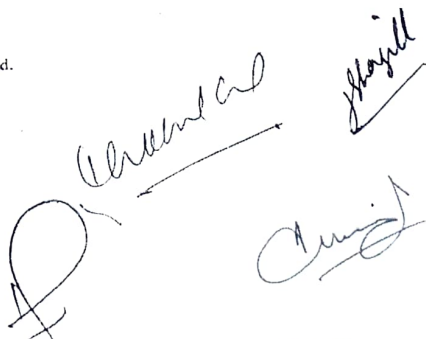

This is to certify and confirm that the "Combined Energy Generator which activates both ultrasonic and bipolar energy simultaneously in a single unit" is being solely manufactured by M/s Olympus Corporation having their office at 2951, Ishikawa-Cho, Hachioji-shi, Tokyo 192-8507, Japan.

This product and feature are proprietary of Olympus Corporation, Japan. No company in the world is manufacturing such products as of now.

Thanking you,

For Olympus Medical Systems India Pvt. Ltd.

Authorized Signatory

The block contains three handwritten signatures in black ink. The first signature is on the left, the second is in the middle, and the third is on the right. A horizontal line with an arrow points from the second signature towards the first. There is also a circular stamp or mark near the first signature.

AUTHORISATION FORM

To,
The Director
All India Institute of Medical Sciences
Bathinda, Punjab 151001

Subject: Procurement of "Combined Energy Generator which activates both ultrasonic and bipolar energy simultaneously in a single unit" for department of Surgical Oncology.

Dear Sir

We Olympus Medical Systems India Private Limited having our registered office at Ground Floor, Tower-C, SAS Tower, The Medicity Complex, Sector-38, Gurgaon - 122001, Haryana are subsidiary of M/s. Olympus Corporation of Asia Pacific Ltd.

We further state that M/s Olympus Corporation, Japan is reputable manufacturer of "Combined Energy Generator which activates both ultrasonic and bipolar energy simultaneously in a single unit" having their office at 2951, Ishikawa-Cho, Hachioji-shi, Tokyo 192-8507, Japan.

We do hereby authorize M/s HARISH & HARISH SURGICAL, having registered Office at 2-3, CAMP CHOWK DEHRI ROAD, HISAR-125001 HARYANA to submit tenders, and subsequently negotiate and sign the contract with you against this Proprietary tender of "Combined Energy Generator which activates both ultrasonic and bipolar energy simultaneously in a single unit".

No company or firm or individual other than M/s HARISH & HARISH SURGICAL, 2-3, CAMP CHOWK DEHRI ROAD, HISAR-125001 HARYANA is authorized to bid, negotiate, and conclude the contract in regard to this business against this specific subject matter.

Facilities Sales Services including Warranty, CMC would be handled directly by Olympus Medical Systems India Pvt Ltd / Authorised service partner. The subsequent performance Bank Guarantee would be submitted by Olympus Medical Systems India Pvt Ltd / Authorised service partner.

This authorization is valid for above subject matter only.

Thank you,

For Olympus Medical Systems India Pvt. Ltd.

DEPARTMENT OF SURGICAL ONCOLOGY

No: AB/Surgical Oncology/5

Dated: 2/1/22

Sub: Technical Specifications for "Combined Energy Generator which activates both ultrasonic and bipolar energy simultaneously in a single unit" items, required in the department.

The department is running the OPD/IPD & OT services.

Following items are required in the department for the smooth functioning.

Sr. No.	Item	Specifications
	Combined Energy Generator which activates both ultrasonic and bipolar energy simultaneously in a single unit	<p>Technical Specifications for Single Ultrasonic Bipolar Generator for Vessel Sealing up to 7mm</p> <ol style="list-style-type: none">1. System should be a single compact generator that provides Synergistic Ultrasonic and RF energy through single surgical instrument for sealing & cutting vessels up to 7mm.2. The system should be capable of delivering Integrated Ultrasonic and RF Energy and dedicated advance RF energy from Single instrument for sealing & cutting vessels up to 7mm.3. There should be no locking on activation of the Transducer and it should guarantee 100 autoclave cycles4. System should have a universal connector for connecting Integrated Ultrasonic and Bipolar Energy instruments/ dedicated ultrasonic energy instruments.5. System should be able to power ultrasonic instruments at 47 KHZ frequency.6. The system should deliver advance RF Energy to seal artery, veins along with tissue bundles including and up to 7mm and fused vessels should be able to withstand more than 3 times of normal systolic blood pressure.7. The system should be equipped with Unique Safety Assist Technology (Intelligence Tissue Monitoring) to prevent unintended Teflon damage of Probe.8. System should have single autoclavable transducer for both Open & Laparoscopic Probes.9. The system should have a facility to save min 35 or more procedures settings.

[Handwritten signatures]

- 10. The system should have capacity to record more than 800 error logs which can be easily retrieved by surgeon.
- 11. The system should have facility to set up maintenance reminder for routine maintenance.
- 12. The system should have at least 2 or more level power settings with power level display.
- 13. The system should have the ability for software updates via USB memory stick.
- 14. The system should have a facility for hand-switch or footswitch activation.
- 15. The system should have touch screen display with smart GUI for easy and fast operation.
- 16. The system should have Instrument recognition and automatic application of default settings for ease of use.
- 17. The system should be compatible with automatic smoke evacuation facility when used in conjunction with insufflator from same make.
- 18. The system should be compatible for open and laparoscopic surgery instruments.
- 19. The instrument should be FDA approved for 7mm vessel sealing in cutting mode and vessel sealing mode.
- 20. All Lap and Open instruments should have fine curved tip design to facilitate fine dissection, Tip grasping & Tip coagulation.
- 21. System should be equipped with system diagnostics and troubleshooting guide for onsite Troubleshooting.
- 22. System should have onscreen warning display for system errors.
- 23. System should have 15 or more international languages with English Language as a default language.
- 24. The system should have Safety test function to check onsite Ultrasonic output and HF leakage current.
- 25. It should have CF type Protection against electric shock.
- 26. The device should be FDA approved and CE certified.

The system should be supplied with following

Abdullah J. J. Al-Jedidi *Amir*

The system should be supplied with following accessories:

- a) Ultrasonic Bipolar Generator-01
- b) Transducer with cable for Lap & Open Surgery -01
- c) Foot Switch-01
- d) Energy Cart-01
- e) Hand piece probes for lap surgery length 35cm diameter 5mm (5 pcs)
- f) Hand Piece probes for open surgery length 20cms diameter 5mm (5pcs)
- g) UPS-1KVA

Department purchase committee certify that:

We members of department committee urgently & individually satisfy that the good recommended for purchase are of requisite specification and quality, priced at the prevailing market rate and the supplier recommended is reliable and competent to supply the goods in question."

Yours Faithfully

Dr. Nikhil Garg
