Instruction for Online Bid Submission

The bidders are required to submit soft copies of their bids electronically on the CPP Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the bidders in registering on the CPP Portal, prepare their bids in accordance with the requirements and submitting their bids online on the CPP Portal.

More information useful for submitting online bids on the CPP Portal may be obtained at: <https://eprocure.gov.in/eprocure/app>.

REGISTRATION

- Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal (URL: <https://eprocure.gov.in/eprocure/app>) by clicking on the link "Online bidder Enrollment" on the CPP Portal which is free of charge.
- As part of the enrolment process, the bidders will be required to choose a unique username and assign a password for their accounts.
- Bidders are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the CPP Portal.
- Upon enrolment, the bidders will be required to register their valid Digital Signature Certificate issued by any Certifying Authority recognized by CCA India (e.g. Sify / nCode / eMudhra etc.), with their profile.
- Only one valid DSC should be registered by a bidder. Please note that the bidders are responsible to ensure that they do not lend their DSC's to others which may lead to misuse.
- Bidder then logs in to the site through the secured log-in by entering their user ID / password and the password of the DSC / e-Token.

SEARCHING FOR TENDER DOCUMENTS

- There are various search options built in the CPP Portal, to facilitate bidders to search active tenders by several parameters. These parameters could include Tender ID, Organization Name, Location, Date, Value, etc. There is also an option of advanced search for tenders, wherein the bidders may combine a number of search parameters such as Organization Name, Form of Contract, Location, Date, Other keywords etc. to search for a tender published on the CPP Portal.
- Once the bidders have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective 'My Tenders' folder. This would enable the CPP Portal to intimate the bidders through SMS / email in case there is any corrigendum issued to the tender document.
- The bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.

PREPARATION OF BIDS

- Bidder should take into account any corrigendum published on the tender document before submitting their bids.
- Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the bid.

- Please note the Number of covers in which the bid documents have to be submitted, the number of documents - including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid.
- Bidder, in advance, should get ready the bid documents to be submitted as indicated in the tender document / schedule and generally, they can be in PDF / XLS / RAR / DWF/JPG Tender No.: formats. Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document.
- To avoid the time and effort required in uploading the same set of standard documents which are required to be submitted as a part of every bid, a provision of uploading such standard documents (e.g. PAN card copy, annual reports, auditor certificates etc.) has been provided to the bidders. Bidders can use "My Space" or "Other Important Documents" area available to them to upload such documents. These documents may be directly submitted from the "My Space" area while submitting a bid, and need not be uploaded again and again. This will lead to a reduction in the time required for bid submission process.

SUBMISSION OF BIDS

- Bidder should log into the site well in advance for bid submission so that they can upload the bid in time i.e. on or before the bid submission time. Bidder will be responsible for any delay due to other issues.
- The bidder has to digitally sign and upload the required bid documents one by one as indicated in the tender document.
- Bidder has to select the payment option as "offline" to pay the tender fee EMD as applicable and enter details of the instrument.
- Bidder should prepare the Bid Security Declaration as per the instructions specified in the tender document. The original should be posted/couriered given in person to the concerned official, latest by the last date of bid submission or as specified in the tender documents. The details of the DD any other accepted instrument, physically sent, should tally with the details available in the scanned copy and the data entered during bid submission time. - Bidders are requested to note that they should necessarily submit their financial bids in the format provided and no other format is acceptable. If the price bid has been given as a standard BOQ format with the tender document, then the same is to be downloaded and to be filled by all the bidders. Bidders are required to download the BOQ file, open it and complete the white coloured (unprotected) cells with their respective financial quotes and other details (such as name of the bidder). No other cells should be changed. Once the details have been completed, the bidder should save it and submit it online, without changing the filename. If the BOQ file is found to be modified by the bidder, the bid will be rejected.
- The server time (which is displayed on the bidders' dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the bidders, opening of bids etc. The bidders should follow this time during bid submission.
- The documents being submitted by the bidders would be encrypted using PKI encryption all techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of bid opening. The confidentiality of the bids is maintained using the secured Socket Layer 128 bit encryption technology. Data storage encryption of sensitive fields is done. Any bid document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key
- Further this key is subjected to asymmetric encryption using buyers/bid opener's public keys. Overall, the uploaded tender documents become readable only after the tender opening by the authorized bid openers.
- The uploaded tender documents become readable only after the tender opening by the authorized bid openers.

Technical Specification for "Combined energy generator" which activates both ultrasonic and bipolar energy simultaneously in a single probe/unit for department of Gynaecology.

1. The Device should provide two (02) types of energy Ultrasonic energy and (Bipolar energy delivered through single probe
2. The system should be capable of delivering Integrated Ultrasonic and RF Energy and dedicated advance RF energy from Single instrument for sealing & cutting vessels up to 7mm.
3. System should have a universal connector for connecting Integrated Ultrasonic and Bipolar Energy instruments/ dedicated ultrasonic energy instruments.
4. The system should deliver advance RF Energy to seal artery, veins along with tissue bundles including and up to 7mm and fused vessels should be able to withstand more than 3 times of normal systolic blood pressure.
5. The system should be equipped with Unique Safety Assist Technology (Intelligence Tissue Monitoring) to prevent unintended Teflon damage of Probe.
6. System should have single autoclavable transducer for both Open & Laparoscopic Probes.
7. There should not be any locking of the transducer and Transducer should guarantee 100 autoclave cycles
8. System should be able to power ultrasonic instruments at 47 KHZ frequency.
9. The Electrical energy generator or the combined generator should have provision to deliver separately the Monopolar Energy, Bipolar Energy, Advanced Bipolar energy capable of sealing blood vessels up to 7 mm in diameter and Under water cutting with both Monopolar and Bipolar Electrodes
10. The device should be functional for both Open and Laparoscopic Surgery
11. It should be compatible with probes that deliver ultrasonic energy and advanced bipolar energy, either integrated in a single probe or separately but with a universal connect, if applicable.
12. The probes should have jaw design which distributes pressure evenly for consistent sealing, should have both grasping and dissecting capabilities, should ensure rapid tissue cutting, minimal thermal spread, low smoke and mist generator for clearer surgical view.
13. The device and probes should have provision for both hand activation and foot switch operation.
14. The device should have LCD display with touchscreen user interface showing various settings for each energy source, automatic instrument recognition and ability to store preferred settings
15. The device should have an audible indicator with adjustable volume for active probe
16. The device should have onscreen warning display system for generator overheating, generator software upgrade, hand piece errors and instrument errors
17. The device should have system diagnostics and troubleshooting guide to pinpoint and resolve alert/alarm conditions.
18. The device should provide Class 1 protection against electric shock
19. The Device should be USFDA/European CE/BIS

- On the successful and timely submission of bids (i.e. after Clicking “Freeze Bid Submission” in the portal), the portal will give a successful bid submission message & a bid Tender No. :
.....
summary will be displayed with the bid no. and the date & time of submission of the bid with all other relevant details.
- The bid summary has to be printed and kept as an acknowledgement of the submission of the bid. This acknowledgement may be used as an entry pass for any bid opening meetings.

ASSISTANCE TO BIDDERS

- Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender.
- Any queries relating to the process of online bid submission or queries relating to CPP Portal in general may be directed to the 24x7 CPP Portal Helpdesk number 0120-4200462, 0120- 4001002.

20. All bidders should have state of Art Service Centre in India to do minimum turnaround time
21. All Equipment should carry minimum 5 years of warranty and CMC (Comprehensive Maintenance Contract) for next 05 years (with spares) after warranty period.
22. Should be supplied with the following accessories:
- a) Generator-01(Electrosurgical generator 1, ultrasound generator 1)
 - b) Transducer with cable for Lap & Open Surgery -01
 - c) Energy Cart-01 from same OEM
 - d) Hand piece probes for lap surgery length 35cm diameter 5mm (10 pcs)
 - e) Hand Piece probes for open surgery length 20cms diameter 5mm (5pcs)
 - f) UPS-1KVA
 - g) Olympus Docking fixture – 01
 - h) Olympus foot switch for Thunderbeat – 01
 - i) Olympus communication cable (0.25M) - 01
 - j) Olympus trolley -01

Note:

- 1) All equipment should have CE/ USFDA
- 2) All equipment like HF/ US generators, should have warranty for 5 years.
- 3) Company should have state of the art service centre for all repairs etc.
- 4) All equipment should be quoted from same make.
